LIQUID FERTILISER TANKS PRICE LIST

PRICES EFFECTIVE 1 MARCH 2017. SUBJECT TO CHANGE WITHOUT NOTICE.

Tanks West liquid fertiliser storage tanks are all manufactured incorporating the latest resin and laminate technology. Each tank features superior chemical compatibility, impact resistance and tensile strength.

The tanks are formulated to heavy duty specification, designed to accommodate volatile liquids up to 1.5 specific gravity (Liquid Fertiliser has a 1.3 specific gravity). Each tank is fitted with high quality non-corrosive fittings.
